

This to confirm that the Board of Trustees of Special Olympics Great Britain has formerly adopted a target of achieving and maintaining at least 30% representation of women on its board.

As the leading disability sports charity in the UK, inclusion and diversity is at the very heart of what we do. We currently meet this target as women comprise of three of our nine board members. However, we have a lot of work to do to maintain and increase this ratio which is set out in the SOGB Diversity Action Plan.

Best wishes
